

# BK21 Special Seminar Series Spring 2022

**Place : Bldg. 110 - Rm. 1007**  
**Zoom ID : 436 397 4287**

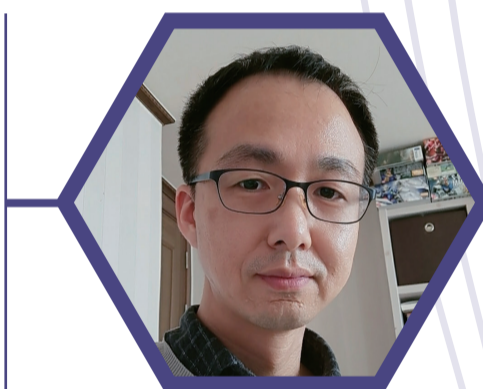

**Host :**  **AI-Cultivating Team for Civil Engineering Elites**  
 **UNIST / Dept. of Urban and Environmental Engineering**

5/4 (Wed) 11 am

**Prof. Sung-Han Sim**

Sungkyunkwan University  
Civil, Architectural Engineering & Landscape Architecture  
Sensing Data-driven Assembly in  
Prefabricated Construction

5/19 (Thu) 3 pm

**Prof. No-Wook Park**

Inha University  
Geoinformatic Engineering  
A Deeper Dive into AI-based Remote  
Sensing Image Classification

5/25 (Wed) 4 pm

**Prof. Jongmuk Won**

University of Ulsan  
Civil and Environmental Engineering  
Applications of Machine Learning  
Techniques in Geotechnical Engineering

6/8 (Wed) 4 pm

**Prof. Thomas Kang**

Seoul National University  
Architecture and Architectural Engineering  
Recent Trends in AI Education at Seoul  
National University
