

Near Sujawal Chowk Halepota House Street Tando Muhammad Khan

District Office Tando Muhammad Khan

Date: 13 July 2024

To Whom It May Concern:

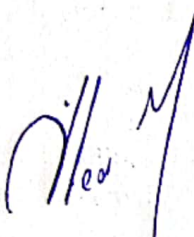

This is a letter of recommendation for Mr. Sarfraz Hyder Korejo. I have known Sarfraz for two years as his direct manager. We are working on a World Bank-funded project of 2.1 million resilient houses in Sindh.

Mr. Sarfraz is a highly motivated and qualified professional with experience in the technical aspects of construction. At the time we began working together, I am in charge of our Project Management department, and Sarfraz is the lead engineer for our sustainable and resilient housing initiative. He has a unique ability to bridge the gap between technical design and practical implementation. He collaborated effectively with all team members and consistently ensured that our project objectives were met with a focus on quality and sustainability.

Mr. Sarfraz joined our company into a leadership position. He quickly became an expert in our construction practices and a key facilitator in our project planning meetings. He is now entrusted with various critical responsibilities, including overseeing the integration of resilient practices and ensuring compliance with environmental standards.

Mr. Sarfraz is a results-driven professional who implemented our strategies with precision and dedication. As a senior manager, I would happily have him back in my organization any time due to his strategic thinking, attention to detail, and innovative approach to construction challenges. He truly has a strong understanding of sustainable development and resilient housing. I highly recommend Sarfraz for any future endeavors.

Sincerely,

Jaleelullah Khokhar
