

PhD Fellowships in Structural Engineering

Professor Jin-Guang Teng (滕锦光) of the Department of Civil and Environmental Engineering, The Hong Kong Polytechnic University, intends to nominate one or two outstanding candidates to compete for funding support by the prestigious Hong Kong PhD Fellowship Scheme. Professor Teng's current research interests include the structural use of fibre reinforced polymer (FRP) composites, life-cycle performance of structures, seismic assessment and retrofit of structures, and steel & thin-walled structures. More information about Prof Teng's research background is available at

<http://www.cse.polyu.edu.hk/~cejgt/home.htm>

The Fellowship provides a monthly stipend of HK\$20,000 (approximately US\$2,600) as well as conference and research related travel allowance of HK\$10,000 (approximately US\$1,300) per year for three years. In addition, PolyU will provide each PhD Fellow with a 3-year tuition scholarship. Further details of the Fellowship scheme can be found at

<http://www.polyu.edu.hk/ro/hkphd-fellowship/>

Successful applicants should normally be within the top 5% of his/her undergraduate class from a leading university and has an excellent mastery of English. A master's degree with significant research outcomes is an advantage but is not essential. Undergraduate students will obtain their bachelor degree by the summer of 2014 are eligible and welcome to apply.

If you meet the above requirements and are interested in the PhD Fellowship, please email your CV to Prof. Jin-Guang Teng at cejgteng@polyu.edu.hk by **20 June 2013**. Short-listed candidates will be interviewed in person in Hangzhou during 21-24 June 2013.
